PROFESSIONAL SUMMARY

AI-focused Full Stack Developer with experience in building and deploying scalable web applications using **MongoDB, Express, React, and Node.js**. Proficient in **AI integration**, RESTful API design, responsive UI development, and robust backend architecture throughout the end-to-end SDLC.

WORK EXPERIENCE

Full Stack Developer | Internship Sep 2026 - Present
Zelvoxx Remote

- Redesigned the ZELVOXX company website frontend using **React and Tailwind CSS**, delivering a responsive, interactive UI with smooth animations and WhatsApp chat integration.
- Improved performance and security by compressing images, cutting page load time by **~40%**, enforcing HTTPS, and moving API secrets off the frontend.
- Built and launched client websites end-to-end, gathering requirements and resolving technical issues to deliver reliable, production-ready solutions.
- Fixed **10+** broken links and enhanced SEO compliance with meta tags, sitemap, Privacy Policy, cookie consent, a custom 404 page, and form validation.

Technologies / Skills Used : HTML5, CSS3, JavaScript, React, Next.js, Node.js, Tailwind CSS, Express, EmailJs, Postman, MongoDB

AI Operation and Growth | Internship Aug 2026 - Sep 2026
KafalMart Remote

- Built a full stack hyperlocal delivery platform for Pithoragarh, enabling **real-time order placement, tracking, and fulfillment across 20+ vendors**.
- Developed **10+ reusable React components** and **5+ core features** — vendor search, filtering, cart, and order management — on a MongoDB/Node.js backend.
- Optimized the UI across desktop, tablet, and mobile screens, improving **responsiveness and usability for customers and delivery partners**.

Technologies / Skills Used : HTML5, CSS3, JavaScript, React, Node.js, MongoDB, Tailwind CSS, Express

Full Stack Developer | Internship Apr 2026 - Jul 2026
TechXAlt Remote

- Engineered and shipped **4+ client-facing features** end-to-end, translating requirements into polished, production-ready functionality that improved user experience.
- Debugged and resolved **25+ application issues**, refactoring workflows and applying industry best practices to boost reliability, performance, and maintainability.
- Delivered **100% of assigned tasks on schedule**, contributing across the full Software Development Life Cycle (SDLC), from development through deployment.

Technologies / Skills Used : React, Node.js, MongoDB, Tailwind CSS, JavaScript, Express, Git, Github
